**Subject:** FW: 518-Soldotna Y Chevron UST fuel delivery prohibition implemented 15 Dec 14

**Importance:** High

Ben/Anne,

FYI...we are implementing delivery prohibition for Soldotna Y Chevron effective midnight, Sunday December 14, 2014. Cheryl Paige confirmed with Mr. Rozak earlier in the week that he does not plan to upgrade his CP system and other violations identified during his recent 3<sup>rd</sup>-party inspection. He plans to empty the tanks and place them in TOS by 12/31/14 and then permanently remove them from the ground in the Summer of 2015...he plans to get totally out of the UST business.

**Subject:** 518-Soldotna Y Chevron UST fuel delivery prohibition implemented 15 Dec 14  
**Importance:** High

Mr. Hollingsworth,

Please be advised that the Soldotna Y Chevron currently has a written fuel delivery authorization that is valid through midnight Sunday, December 14, 2014 which was implemented to allow time for the owner of the facility to complete corrective actions to address regulatory violations. The USTs at this facility are currently substandard and no work has been done or is planned to be done to bring the tanks back in to compliance with state UST regulations. The owner plans to empty the tanks and close the fuel dispensing portion of his business by 12/31/14 and have the tanks permanently closed and removed from the ground in the Summer of 2015.

This email is to inform you that **fuel deliveries of all petroleum products to the following tanks is prohibited after midnight Sunday, December 14, 2014.** Once implemented, fuel deliveries will be permanently prohibited to all tanks.

Tank 6 (10,000 gl Gasoline, ADEC UST tag #0900)  
Tank 7 (6,000 gl Diesel, ADEC UST tag #0901)  
Tank 8 (6,000 gl Gasoline, ADEC UST tag #0902)  
Tank 9 (1,500 gl Diesel/Commercial Htg Oil, ADEC UST tag #0903)

Your cooperation in this matter is greatly appreciated. Please let me know if you have any questions.
